OCTOBER 2023

NEWSLETTER

MONTHLY UPDATED
BUSINESS NEWS

DIRECTOR'S MESSAGE

I am honored to address you in this month's newsletter as the Managing Director of our esteemed certification body. As we navigate the challenges and opportunities that lie ahead, I want to take a moment to reflect on our journey so far and share some exciting developments on the horizon.

SIS Certifications Pvt Ltd. is the leading and one of the most trusted certification bodies for over a decade and we are accredited by_

IAS- International Accreditation Services,

UAF- United Accreditation Foundation, and

IOAS- International Organization of Accreditation Services with that

I am very glad to share this news that we are the 1st Certification Body in India to get UAF Accrediated for ISO 13485:2016.

Mr. Arunendra Dvivedi

With a legacy of over 30 years as a pioneers in setting the standards, we have become one of the leaders in the market leaders in the ISO Industry.

First and foremost, I want to express my deep appreciation for the dedication and hard work of our team.

Without their tireless efforts, our certification body would not be the respected institution it is today. Together, we have upheld the highest standards of quality and integrity in our industry.

We have witnessed profound changes in the landscape of certification and accreditation. The global economy is evolving, and industries are adapting to new technologies and trends. In this dynamic environment, our role becomes even more critical. It is our responsibility to ensure that businesses and professionals meet the necessary standards and continue to excel in their fields.

Moreover, our commitment to transparency and fairness remains unwavering. We continue to uphold the highest ethical standards, ensuring that our certification processes are unbiased and impartial. We are actively engaging with industry stakeholders and experts to review and update our certification criteria to reflect the evolving needs of our clients.

As we move forward, we are exploring new partnerships and collaborations to expand our reach and impact. Our goal is to serve a broader audience while maintaining the excellence that defines our certification body.

In closing, I want to extend my gratitude to all our stakeholders, including our certified professionals, clients, partners, and the dedicated staff who make our certification body a beacon of trust and competence. Together, we will continue to raise the bar in certification and contribute to the success of individuals and organizations worldwide.

Thank you for your continued support and trust in our certification body.

BLOG'S

Environmental Responsibility Made Easy with ISO 14001 Certification.

People and organisations must accept responsibility for their impact on the world, where environmental challenges and sustainability are becoming increasingly important. ISO 14001:2015 assists businesses in achieving their sustainability and environmental responsibility objectives with Environmental Management Systems (EMS).

How to get certified to ISO/IEC 27001?

Information Security Management Systems (ISMS) are required to adhere to the international standard ISO/IEC 27001. An extensive audit is part of the certification process and is performed by an established certifying authority.

ISO Certifications for the Medical Industry

The International Organisation for Standardisation (ISO) has developed various management standards to ensure good quality, safety, and effectiveness of diverse products and services. The medical industry and ISO certification are closely related, as these are internationally recognised benchmarks for procedures, risk management, and regulatory compliance. Moreover, it assures product quality, mitigating errors, and patient safety by maintaining compliance with ISO standards.

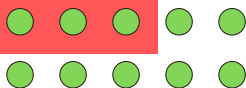

BLOG'S

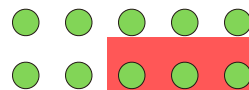

What is Involved in an ISO 27001 Implementation?

Implementing ISO 27001 requires a methodical strategy that includes risk assessment, control implementation, personnel training, and continual monitoring and improvement. It is an extensive framework that gives organisations the tools they need to properly manage information security threats and safeguard their valuable resources.

Understanding ISO 27002:2022 Control 8.9

Configurations, whether in individual files or interconnected settings, play a fundamental role in governing the operation of hardware, software, and entire networks. For example, a firewall's default properties, including block lists, port forwarding, virtual LANs, and VPN information, are stored in its configuration file.

A Competitive Edge in Safety and Compliance with ISO 45001:2018 Certification

Organisations must ensure the safety and well-being of employees while maintaining compliance with national and international best practices. Moreover, ISO 45001 safeguards the employees and enhances an organisation's reputation by providing a competitive edge in the market. It is a globally recognised Occupational Health and Safety Management System (OHSMS).

Why ISO 41001 Matters: Unlocking the Benefits of Implementing a Facilities Management System

In today's fast-paced and ever-evolving business landscape, effective facilities management is crucial for organizations to thrive. One essential tool that aids in achieving excellence in facilities management is the ISO 41001 standard. ISO 41001 provides a comprehensive framework for establishing, implementing, maintaining, and improving a facilities management system.

How does ISO 22000:2018 Contribute to Enhancing Consumer Confidence in Food Products?

Assuring the safety and quality of food items is crucial in the fast-paced world of the food industry. Customers need food that is not only delicious but also secure for eating. Due to this demand, strict standards and norms for food safety have been developed, including ISO 22000:2018. We'll look at how ISO 22000:2018 helps to raise consumer trust in food goods in this article.

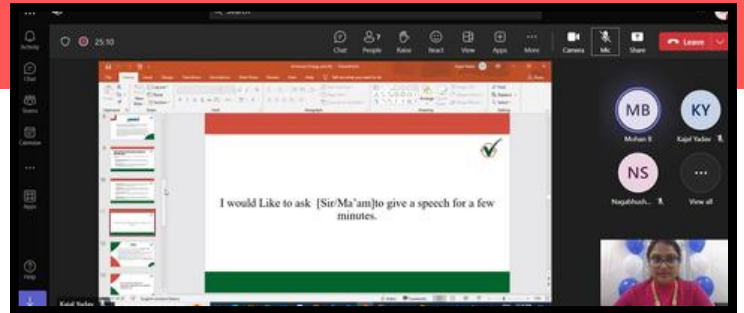

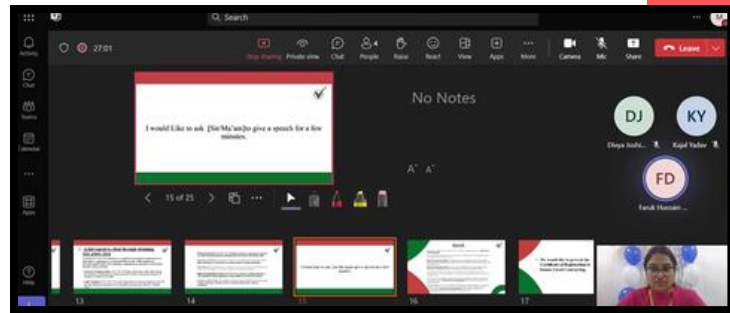

Everything You Need to Know About Good Manufacturing Practices (GMP)

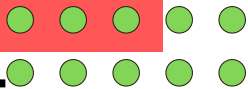

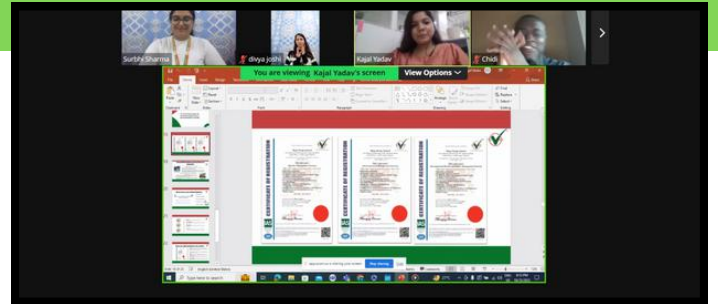

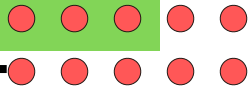

Good Manufacturing Practices (GMP) provides a systematic approach based on rules and regulations for organisations to achieve intended outcomes. Moreover, it ensures the manufacture of safe and high-quality goods consistently across diverse industries, including the food, pharmaceutical, and cosmetics sectors. In this blog, we will cover everything about GMP, from its significance to its guiding principles and methods.

WORK ANNIVERSARY

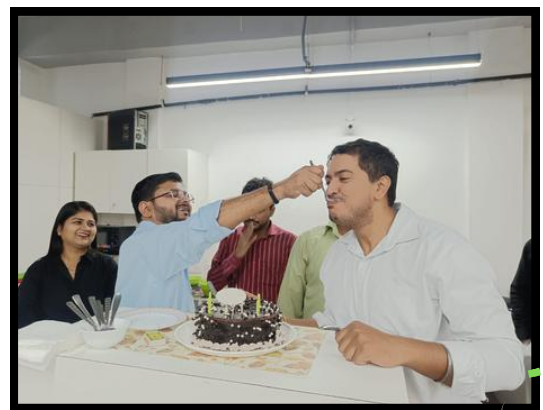

Hard work and loyalty are gifts not everyone possesses. But you got it both!
We are glad to have someone like you with us.
Keep up your excellent work and continue to inspire.

Happy Work Anniversary!

BIRTHDAY CELEBRATIONS

Happy Birthday !

EMPLOYEE APPRECIATION

There is no doubt that you have made your presence an invaluable one at SIS Certifications!

We will never stop appreciating you as you commit to upholding our values and vision.

Congratulations!

EMPLOYEE TESTIMONIAL

My name is Sanjeev Kumar, and I've been working as the HR Manager at SIS Certifications Pvt. Ltd. for the past year and four months. I have 13 years of experience in total.

SIS Certifications provided me with the opportunity to realize my full potential. I had the opportunity to work closely with each department, which helped me learn and improve a lot.

Everyone here is really supportive and punctual, and the work environment is very cheerful. It is the type of area where everyone may easily acclimate.

People are courteous and professional. Everyone is aware of their role and does not interfere with the work of others. This is an excellent area for beginners to learn and adjust.

Overall, a fantastic place to work.
